Permission Slip for PG-13 Movie

The Advanced Orchestra will be watching the movie Pirates of the Caribbean The Curse of the Black Pearl during class. The purpose of watching this movie is for the students to hear the themes and music we performed at out Spring Concert and to celebrate a wonderful 8th grade a great performance at the Music in the Parks Festival.

Here is the information on the movie from Common Sense Media:

Pirates of the Caribbean The Curse of the Black Pearl (2003)

RECOMMENDED AGE 12+

Parents need to know that there's lots of violence in *Pirates of the Caribbean: The Curse of the Black Pearl*, and while it is not especially graphic, there are images, including the literally skeleton pirate crew and a false eyeball that keeps coming out, that may be disturbing to some viewers. There are some revealing bodices and some mild sexual references, including prostitutes (not explicit and no nudity or sexual situations). There is some strong and colorful pirate language. Characters drink rum and get tipsy.
